Tempus Resources Ltd.- Xwisten Community Meeting

In August 2020, Tempus signed an exploration agreement with the Bridge River Indian Band (Xwisten) for exploration at the Elizabeth Gold Project, located in Xwisten's traditional territory.

As part of the agreement, Tempus pledged to annually host a community dinner where information about the project is shared with Xwisten's membership.

Due to COVID 19, this year was the first year the event was able to occur and roughly 70 community members were present on February 10, 2023.
